#### MONEY IS GETTING CHEAP, Rate on New York Real Estate Loans Comes Down.

New York, June 21.-An offer of large brokerage firm to loan \$10,000,000 on New York real estate at 31/2 per cent has established a new record for bond and mortgage loans. The lowest rate of interest heretofore paid by borowers, even on Broadway property, has been from 4 to 5 per cent, according to the amount borrowed, and the relave amount of the mortgage to the

value of the property.

Many brokerage firms held that this offer to loan \$10,000,000 was an exception and that borrowers in general would have to continue to pay at least 4 per cent. Other brokers said that in future New York loans would rule at 3½ per New York loans would rule at 3½ per cent when the amount borrowed did not exceed 40 per cent of the value of the property. #### PARDON TO THE FILIPINOS.

President's Proclamation Therefor to be Issued Tuesday.

Result Anticipated is that Aguinaldo and Most of the Filipinos Now Out Will Submit.

Manila, June 20 .- Gen. MacArthur will tomorrow formally announce President McKinley's order of amnesty. Buencamino, Paterno and other prominent Filipino leaders are greatly pleased, as they believe that under the amnesty they can bring about the surrender of Aguinaldo, who, they declare, is ready and willing to consider the peace platform adopted by the Filipino leaders, with a few insignificant exceptions.

Several meetings of the leaders were held quietly in Manila last week. They are encouraged by the progress they are making with the natives and the authorities here. Tomorrow an important meeting will be held, at which the American decree will be read. It is the consensus of opinion of the foreigners, the better class of the Filipinos and the Spanlards that Aguinaldo will appear in Manila shortly as a esult of the decree and the negotiations of Buencamino.

Now that the rains have fairly be gun, life in the country districts is a great and prolonged hardship. . Preparations are being made at Ca-vite to move a majority of the marines to China in the event that events there

Washington, June 20 .- Secretary Root said tonight that the text of the amnes-ty proclamation would be published to-morrow in Manila and Washington simultaneously. The proclamation gives a free pardon to all Filipinos who have participated in the rebellion against the United States, the only condition being that they take the oath of allegiance and acknowledge the sovreignty of the United States. It excludes no one, except those who have violated the laws of war. The procla-mation, the secretary said, will speak for itself and will go into effect immediately. The time, considering the facilities for communication in the islands, for acceptance of the amnesty proclamation by those still in rebellio is limited, being only ninety days. The proclamation is very brief

and is plain and simple, its terms not comprising more than can be put on a single sheet of typewriting.

The issuance of the amnesty proclamation will mark a distinct advi the progress of the arms of the United States in the restoration of order in the Philippines. The situation has been steadily improving in those islands some time past, and it is thought that the time is opportune for pardon of all those Filipinos who have borne arms against the authority of the United States and have opposed their authority as a mere cloak for robbery, murder

and other crimes.

It is confidently believed that the result of the proclamation will be a quiet submission by those Filipinos who have control of the islands by the United

The promulgation of amnesty has been under consideration for some months, and the decision to issue it at this time was reached only after advices from a number of sources that the time was ripe, and that assurances had been received that it would meet with a worthy response from those to whom it was addressed.

It has been made known to the ad-ministration that the influential classes among the Filipinos were anxious for an end of hostilities and for a resumption of commerce free from the preda tory harassments of small bands o armed men. The vigor of the pursuit of those bearing arms, it was likewise reported, had disheartened the Filipin soldiers still holding out, and many of them were not willing to surrender their arms until assured of their personal safety. In addition, a better understanding of the purpose of the United States toward them is now known to prevail among the Filipinos and their hostility to American control has abated in a degree. With the general acceptance of amnesty it is expected our troops will not be kept in such ceaseless activity and the pacification of the islands will go forward more quietly and more rapidly.

The division of sentiment among well informed horsemen as to the probable winner of the classic event is quite re-markable. Although Lieut. Gibson still markable. Although Lieut, Gibson still has the call, there is a big following for the others, especially for Sam Phillips and Advance Guard.

ed. Others refuse to accept a time standard, and moreover there are those who think Lieut, Gibson's work-out on Tuesday in which he made the mile and a half in 2:35½, could not have failed to injure his derby chances. Of this feature Trainer Charles Hughes said: "It must be borne in

mind that Gibson has not raced for three weeks, and that he is going to run on Saturday against horses pared in actual contests. It has there-fore, been necessary to give him some stiff preparation. I believe Lieut. Gibson will go to the post thoroughly fit on Saturday."

The backers of other horses are figuring on weight and distance, together with a high class of competitive speed. stopping the favorite before the and a half has been covered. "There is one in there that will make him stop in the first part of the race," say these.
"That one is Yellow Tail. All horsemen know Yellow Tail is one of the
fastest horses in the world, but he is being given little consideration in the derby because it is not thought he can go the mile and a half. Yellow Tall has been at Washington Park for several weeks and has been quietly and thoroughly prepared. The fact that Advance Guard seemed to show decided superiority over Yellow Tail at San Francisco over a distance of ground is mainly responsible for the price of 50 to 1 now offered against Yellow Tail

for the derby. J. W. Schorr's derby handicap, Sam Phillips, was given a trial over the full distance at Washington Park yesterday that horsemen consider almost, if not quite as meritorious as Lieut, Gibson's boy named Poat in the saddle the Memphis colt covered the mile and a half in 2:37%, running well within himself and finishing fresh and strong and seemingly none the worse for his trial.

While there will be no "betting ring" with criers posting odds and soliciting bets from lines of booths, "hand-book" men will, it is said, pass among the crowds and accept wagers on the horses at the Washington Park club on derby day.
